

Teachers deserve our thanks everyday

The Northern Territory's peak body representing public education welcomed World Teachers' Day to honour those that help to enrich the lives of children.

Tabby Fudge, President of the NT Council of Government School Organisations, said, "World Teachers' Day is a perfect time to reflect on the vital role teachers play in every Territory child's life. Quality educators help give children the best possible start in life."

"Across the length and the breadth of our vast Northern Territory, hundreds of teachers are working in schools, trade training centres, preschools and early childhood learning centres in urban, rural, regional and some of the remotest parts of Australia."

"I take this opportunity to acknowledge our teachers and thank them for the significant contributions they make to the lives of our children every day in our schools. Please take the time to thank a teacher who makes a difference in your child's education."
